Roku

Order your ticket (that part was easy)

On the TV, go to the Roku app store searching function (on left it says Streaming Channels) and put in Kino Now.

Download the App.

Open it (takes a while)

Hit the * button on the Roku remote

Select "Account"

It will say Sign In. Click on this.

Hit "Link Device" (below the email sign in – don't use this – use Link Device)

A code will pop up. (it took all these steps to get to the code referred to in the email)

THEN – take out your computer, and go to

<https://kinonow.com/activate> (It also shows you this address on your TV screen)

There is a space for the Link code which you got on your TV screen. Copy it in and hit Link.

Then if it works it will say success.

THEN, hit the * on the Roku remote again, go to Library, and the film is there.
