When buying a ticket, you'll be able to choose which theater should receive the net proceeds (please choose VTIFF!), and if you like, you'll also be able to make a donation to the theater.

After buying a ticket, you'll get an email confirmation with a screening link and a one-time-use code to enter about 30 minutes before show time. The movie will start at the set time and can be viewed on TVs compatible with Apple Airplay or Google cast, or on your computer.

When the screening ends, you can submit questions during a brief intermission before the Q&A. The Q&A will then stream seamlessly
